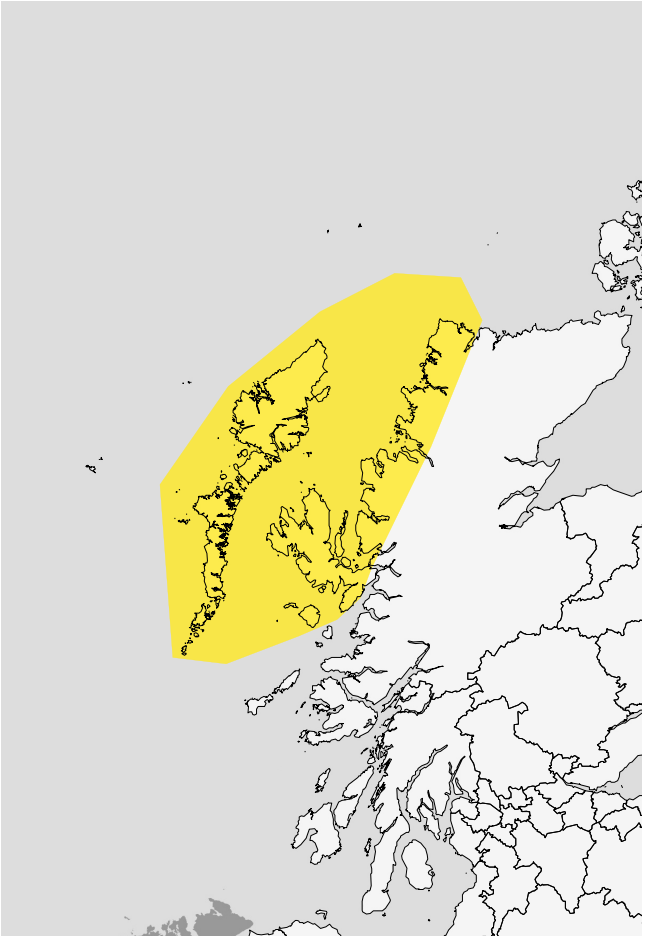
Yellow warning
Wind

Between
06:00 Wed 8 Feb 2023 and
17:00 Wed 8 Feb 2023



Strong south to southwesterly winds bringing some travel disruption and dangerous coastal conditions

What to expect

- Some delays to road, and cancellations of air and ferry transport are likely
- Probably some bus and train services affected, with some journeys taking longer
- Delays for high-sided vehicles on exposed routes and bridges likely
- It's likely that some coastal routes, sea fronts and coastal communities will be affected by spray and/or large waves

Further details

South to southwesterly winds will strengthen early Wednesday to bring a very windy day, with the strongest winds occurring late morning, and into the early afternoon. Gusts of 65-70mph are expected quite widely, with some gusts around 75mph especially during a period of squally rain which will cross the area during the early afternoon. Winds will then ease considerably following the rain.

Reason for update

The validity period of the warning has been brought forward

Medium likelihood of low impacts
